

A pregnancy ministry in the Mall? What better place to meet the needs of young women who are vulnerable to abortion? On October 3, the Women's Choice Network Monroeville location moved into the retail area of Monroeville Mall. Thanks to the help of small mission groups from Cornerstone and Hebron Churches, we were able to move our office and will be able to open our doors in mid October.

We are very excited to offer "Mall-ternatives" in a convenient yet confidential setting. Our new office is located on the lower level in a less traveled hallway near the old Boscov's. All of our services including pregnancy testing and sonogram will be offered on site.

The Mall is a natural fit. Most of our clients are young women between 16 and 25. The Mall is filled with young women in this age bracket. We have placed our ministry in their world. Now there is a place where they can find answers and learn the truth about the unborn child.

Pray for Center Director Gloria Hale as she leads a team of volunteers in this exciting adventure. Pray the God uses this high traffic location to reach those considering abortion.

Thanks to your ongoing support, we can expand our borders and reach women and men in the neighborhoods where they live. Stop by the Mall soon and visit soon!

For His Glory,

Amy Scheuring
