### Reaching and Serving Clients

- Pray for our advertising strategies to be effective so that clients will find us and call.
- Pray for our ads that are created and paid for by Vision for Life. These ads are seen online and on facebook. Pray for these ads to be seen by those who most need our services.
- The number of calls and client appointments is increasing. Praise God for His faithfulness. Pray for each phone call—we have only a few short seconds to make an impression and reach abortion vulnerable callers.
- Pray for the clients who have a positive pregnancy test and are considering abortion. Pray that they will have open hearts, open ears, and open eyes to see the truth.
- Pray for the clients with a negative test to reconsider their sexual behavior.
- Pray for the clients with a positive STD result. This can be life altering news. Pray for our staff to effectively speak into their lives with hope and support
- Pray for the clients with a negative STD result. This can be the perfect time to present a challenge to choose a new direction or to present the Gospel.

### Programs and Outreach

- Pray for our Essential Speakers Team as they enter new schools this year. Pray for all of the presenters to make a life changing impact on Middle and High School Students.
- Pray for our Broken Vessels post abortion groups forming now and through the year to come. Post Abortion Healing is life transforming. Pray for many more men and women to sign up for these groups.
