In Person or Online: Baby Bottles Save Little Lives!

Your Church has launched this year’s Baby Bottle Campaign to benefit Women’s Choice Network. Thank you for your past support to our mission and to our clients.

“I had my OB/GYN appointment today. I’m 20 weeks along and found out that the baby you helped to save is a little girl! Thank you so much!”—Monica

Monica is one of hundreds of moms who chose life this past year. Faced with what seem like impossible circumstances, our clients find medical care, resources, and hope with every visit. And thanks to you, Women’s Choice Network is able to keep our doors open to our clients and continue to support them through pregnancy testing, ultrasounds, STD testing, and life support programs for men and women. Because of you, one life is saved from abortion every single day!

We’ve Added Virtual Campaigns. Go to www.ebottle.org today.

Baby Bottle Campaigns in area Churches are a vital part of our annual support. And while our mission and services have not changed, the way to give to the Baby Bottle Campaign has! You now have an opportunity to “fill a bottle” online. Just go to www.ebottle.org and find your Church name. When you give, all the proceeds go directly to our client services.
